## GIBBON STREET UPDATE – SHAFT BACKFILL ACTIVITIES, WOOLLOONGABBA

*Duration of work: 7 Dec to late Jan 2010*

After the successful construction of the tunnel roof, the Gibbon Street shaft is now ready to be backfilled.

From **Monday 07 December until late January 2010** backfilling activities will occur at the Gibbon Street site between the hours of 6.30am – 10.30pm Monday to Friday and from 7am to 4pm on Saturday.

Backfill material will be delivered to site via trucks, unloaded into the shaft and then compacted. This work will be undertaken inside the site shed.

Some changed traffic conditions may be required on Gibbon Street as part of this work.

Access to properties and businesses will be maintained at all times.

In February 2010 removal of the site shed and facilities will commence. Further information will be provided to the community prior to the commencement of this work.

### WHAT TO EXPECT

- Out of hours work.
- Use of heavy machinery.
- Increased truck movements.
- Delivery of materials to site.
- General construction noise.

***For occupational health and safety reasons, reversing beepers can not be switched off.***

### WHAT WE WILL DO

- Complete work as quickly as possible.
- Maintain access to properties at all times.
- Minimise noise from activities and machinery wherever possible.
- Ensure trucks are covered when entering the site to deliver material.

***LBBJV thanks the local community for their continued patience during construction activities at the Gibbon Street site.***
